

Rockwell Part

Rockwell Part - The business of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to meet and exceed their customers' expectations for delivery, quality, service and technology. They believe in working in an atmosphere which encourages the highest integrity with empowered collaboration, together with a persistent pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively using principals of environmental safety and stewardship in how they do business. The company has put different programs in place to be able to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whatever comments or questions, as they are happy to promote and share this policy with a greater understanding of their efforts. They are very committed to improving and preserving the environment. AxleTech has an EHS program that not just protects the natural environment but which even actively protects their neighbors and employees too.

AxleTech specializes in the manufacture and designing of planetary axles utilized for both commercial and military applications, which can include anything from construction equipment to airport ground support. They take great pride in being a ground-breaking drive-train solutions provider too. AxleTech specially designs axles in order to meet certain application demands. They have over 1000 various axle specs in their present offering. With more than 100+ years of history and experience, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The business is well known in several military and commercial applications. They offer complete axle assemblies for aftermarket replacement needs, together with servicing axle requirements for OE production. Their high mobility ISAS have further details that can be seen in the "ISAS" product collection.
