

Lull Telehandler Parts

Lull Telehandler Part - Telehandlers by Lull have been providing load placement accuracy since 1959. The Lull telehandler can really help make the work faster and easier, whether the job entails positioning heavy steel, landing loads on scaffolding or transferring loads. These units are complete along with the patented Stabil-Trak stability system in order to ensure operator confidence.

The horizontal placement system by Lull could provide eighty inches of boom travel for precision placement functionality. There are even a lot of optional Lull attachments for their telehandlers to help complete whichever work.
