

Concrete Hoppers

Concrete Hoppers - The self-dumping hopper accessory could automatically activate to both dump and release whenever the bumper release contacts the side of a dumpster. As soon as dumping is done, the hopper could go back to original upright and locked position. This particular piece of machinery even comes along with a cable that allows operation from the seat of the forklift to be able to have the alternative of manually unloading the hopper. There is a locking chain provided so as to lock the hopper to the tire truck. This product is made with consistent and reliable robotic welds for utmost strength. The lift truck dumping hopper also has a blue powder coat finish in order to maintain durability.
