

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of every international industry. Transporting industrial goods takes place every day on our busy planet. Originally innovated as industrial vehicles in the 1930s in the U.S., lift trucks gained popularity following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machinery spread globally.

In nineteen forty nine, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Now the company is simply called TCM Corporation. Over the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation in the business. TCM started constructing forklift manufacturing locations outside of Japan during the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly makes numerous models of industrial trucks with more than 50 years of accumulated expertise and technology, making their products recognized and used all around the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and intends to become a world-class leading business.
